Human Resource Manager
NCBA Bank Kenya
Nairobi, Kenya

Dear Hiring Manager,

RE: APPLICATION FOR INTERNSHIP IN INFORMATION TECHNOLOGY

I am excited to apply for the Information Technology internship position at NCBA Bank. As a Bachelor of Science in Computer Technology student at Jomo Kenyatta University of Agriculture and Technology (JKUAT), I am eager to leverage my academic knowledge and technical skills to contribute effectively to NCBA's innovative digital banking and financial solutions.

My academic journey has provided me with a strong foundation in software development, networking, and system administration. I have hands-on experience with technologies such as Flutter, Django, PHP, Python, and Java, which I have utilized in developing digital solutions like an e-commerce platform, a lost-and-found system, and a logistics management platform. My problem-solving abilities, adaptability, and collaborative approach make me a strong fit for NCBA's dynamic environment.

I am particularly eager to learn how technology is applied in the banking sector, especially in areas such as cybersecurity, data analytics, and fintech solutions. By joining NCBA, I hope to gain valuable industry insights while contributing my expertise to enhance customer-centric banking innovations.

I have attached my resume for your review and would welcome the opportunity to discuss how my skills align with NCBA's mission. Thank you for your time and consideration, and I look forward to your positive response.

Yours sincerely,

GIKURU JOSEPH NDERITU
